Remote Teaching and Learning Plan

In response to this time of uncertainty regarding school closures, we have formulated this policy to outline how the school will maintain the link between school and home. In the event of another whole or partial school closure, we aim to continue to communicate with our pupils through various means.

We recognise that online safety is of huge importance and the aim of this document is to help to protect both school staff and pupils, while teaching and learning online.

This policy does not set out to replace our Acceptable Usage Policy. Rather, it is proposed as an important addition to the area of learning from a digital platform. The policy presented here should be read also in tandem with our school's Code of Behaviour Policy, Anti-Bullying Policy and Anti- Cyber- Bullying Policy.

The primary obligation of all schools is to the welfare of the learners in their school. This policy, therefore, seeks to ensure that remote learning is safe for all student learners and that personal and sensitive data is also protected under GDPR legislation. Schools must ensure that learning takes place in an environment that is respectful and fair and meets its statutory duties.

This Policy has been formulated in accordance with the provisions of the Department of Education and relevant sections of:

- (a) The Education Act (1998)
- (b) Education (Welfare) Act (2000)
- (c) Equal Status Act (2000)
- (d) Education for Persons with Special Educational Needs Act (2004)
- (e) Disability Act (2005)
- (f) Children First Act (2017)
- (g) GDPR
- (h) Data Protection Act (2018)
- (i) Department of Education: Child Protection Procedures for Primary schools
- (j) NEWB Guidelines for Developing a Code of Behaviour (2008).
- (k) DES Guidance on Continuity of Schooling for Primary Schools (May 2020)
- (l) DES Guidance on Continuity of Schooling: *Supporting Primary Pupils at very High Risk to Covid 19* (August 2020).

This is a working document. As we continue to explore options available to support distance learning, the document will be updated accordingly.

Context

Teaching and Learning is always evolving, especially, as we move deeper into the 21st century. Developments in IT provide us all with great opportunities as learners and teachers. Never before has there been greater scope to learn using technology and it continues to change the learning relationship between teachers and students. Advances in technology mean that assignments can be delivered remotely and that greater access to information on the internet affords the opportunities for real learning to take place under the watchful and professional guidance of the teacher. However, whether a child is being directed remotely or via a traditional classroom environment, it is very important that all partners are aware that once a learning exchange takes place between a student and teacher, whether at home or school, the same statutory rules apply i.e. the school's Code of Behaviour and all of the school's policies apply.

We recognise that online collaboration is essential for distance learning and that families are in favour of increased opportunities to maintain the connection between school and home. Brackloon NS uses a variety of child friendly, online tools, which assist in providing more effective teaching and learning, while also enabling greater communication between staff, families and students.

Guidelines for good online communication in Brackloon National School:

- Under no circumstances should pictures or recordings be taken of video calls.
- Staff, families and students are expected to behave in an appropriate, safe, respectful and kind manner online.
- It is the duty of parents/guardians to supervise children while they are working online and to ensure that any content submitted to their teacher is appropriate.
- Staff members will communicate with pupils and their families using tools which have been approved by the school and of which parents have been notified. (Seesaw, Zoom and Email)
- Any electronic forms of communication will be for educational purposes and to allow for communication with families.
- For Zoom calls, parental permission is implied, as the link to a video call will be communicated via the child's Seesaw account and/or parent/guardian's email address. Essentially, by virtue of the pupil logging on to the call, permission is assumed.
- For security reasons, passwords will be provided to families, where applicable.
- Brackloon NS cannot accept responsibility for the security of online platforms, in the event that they are compromised.

Brackloon National School will use two online platforms for communicating and connecting with families/pupils. Our 'Remote Teaching and Learning Plan' will include a combination of assigned work, pre-recorded lessons (Seesaw) and live sessions (Zoom).

Staff will communicate regularly with parents and pupils via email. All families are asked to check daily for updates and important information. Teachers will post work for pupils daily on Seesaw and links will be sent via email for Zoom meetings..

Each teacher will be assigned a class e-mail address through which he/she will communicate with parents/guardians and vice-versa. Parental queries will be addressed during school hours only (8:50 - 2:30) and should relate strictly to your child's teaching and learning.

Seesaw

Seesaw App is for our pupils to connect to their folder and they then have the option of uploading items to their folder for their teacher to see. This app is used from Junior Infants up and requires a QR (Quick Response) which can be accessed through the school email. Parental consent is required prior to using this app. Each child will be assigned an individual access code. Unfortunately, single family log in is not facilitated on Seesaw. Some lessons will be pre-recorded and uploaded via Seesaw.

Zoom

Zoom is a video-conferencing platform which will enable teachers, staff and pupils to connect via a live link. Teachers will connect with pupils regularly using pre-arranged Zoom Meetings.

Rules for pupils using online communication methods:

For submitting learning:

- Submit work and pictures that are appropriate - have an adult take a look at your work before you send it.
- Use kind and friendly words.

For video calls/Zoom:

- Remember to ensure you join each Zoom meeting using your family name.
- Pictures or recordings of the video call are strictly prohibited.
- Remember our school rules - they are still in place, even online.
- Set up your device in a quiet space, with no distractions in the background.
- If you have the chance to talk, speak in your normal voice, using kind and friendly words.
- Show respect by listening to others while they are speaking.
- Ensure that you are dressed appropriately for the video call.
- Be on time - set a reminder if it helps.

Guidelines for parents and guardians:

- It is the responsibility of parents and guardians to ensure that pupils are supervised while they work online,
- Check over the work which pupils send to their teacher, ensuring it is appropriate.
- Continue to revise online safety measures with pupils.

For video calls/Zoom:

- Under no circumstances should pictures or recordings be taken of video calls.
- Ensure that the school has the correct email address for inviting you to join apps and meetings.
- The main purpose of a video call is to engage in online learning activities while maintaining a social connection between the school staff and pupils. Encourage pupils to listen and enjoy the experience.

- Be aware that when participating in group video calls, you can be seen and heard unless you are muted.
- You will automatically enter a waiting room when the code for a Zoom call has been entered. Please note that school staff will only accept users into video call if you can be identified by the display name on your zoom account. (i.e. Family Name)
- Please ensure that your child is on time for a scheduled video, or they may be locked out. Please request to join the Zoom call approximately five minutes before the scheduled start time. This will give school staff time to verify your email address.
- Make sure to familiarise your child with the software in advance. For video in particular, show them how to mute/unmute and turn the camera on/off.
- Participants in the call should be dressed appropriately.
- An appropriate background/room should be chosen for the video call.
- For detailed information on GDPR and Zoom, please visit <https://zoom.us/privacy>

It is important to note that any breach of the above guidelines will result in a discontinuation of this method of communication. A breach may also result in a person being immediately removed from a meeting or a meeting being immediately terminated.
